This is from the school looking west if you could see south you would see our house. We go along this street going up town. We are all under snow now but its the weather I like for I enjoy skating. I dont know what I'll do for skating if we go to Vancouver to live. Dad has been telling me a lot about you and I hope I'll meet you someday soon. Are you a post card collector? dam. will bye bye with best love
Constance M. Lelachue.
